THE PALISADES NURSERIES

INCORPORATED

Sparkill : New York

Phone 200 Piermont

ROCKLAND COUNTY

INTRODUCTORY REMARKS AND TERMS

THE plants offered herein are all sturdy, transplanted and nursery-grown for more than one year, and can be depended on to flower satisfactorily the first season after planting out.

Our stock of plants is reasonably large; we have thirty acres of hardy plants in cultivation. We make a specialty of supplying **Landscape Gardeners, Dealers and others in the trade.**

We print real prices, which, as long as unsold and without engagement, we are willing to accept. The prices are net, except being subject to 2 per cent discount when cash accompanies order; otherwise payable in thirty days from date of invoice on approved credit. **Packing charges at cost, f.o.b. Sparkill, N. Y.** To meet reputable competition, we will reduce our prices still further on being given the opportunity.

No less than six of one kind furnished at dozen rates, 25 at 100 rates, 250 at 1,000 rates, unless otherwise specified. Clumps (or plants of extra-large size) can, in most cases, be supplied. Prices on application.

For varieties not listed herein see our Descriptive Catalogue of Palisades Popular Perennials. From prices quoted therein we allow the trade a special, liberal discount.

List of Hardy Perennial Flower Seeds, Home-Saved and Tested, Sent on Application

NOTE—All Goods are Forwarded at Purchaser's Risk

PERENNIAL ASTERS

(Starwort, or Michaelmas Daisies)

Price of strong plants that will make a profusion of bloom the first season planted, \$1.25 per doz., \$9 per 100, except where otherwise noted. Numbers 1, 2, 3 and 4, relative time of flowering.

Acris. (1) Bright lilac-purple flowers in great profusion; bushy habit. Height 1 ft.		
Acris nanus. Height 6 in.		
Amethystinus. (3) Bright lilac flowers. Height 4 ft.		
Beauty of Colwall. (1) New. Fine double blue. 12 cts. each, \$1.50 per doz., \$10 per 100.		

PERENNIAL ASTERS, continued

Beauty of Ronsdorf. New. Large, lilac- pink flowers; 2½ ft. high. Continuous bloomer. 20 cts. each, \$1.75 per doz., \$12 per 100.		
Chapmanii. (2) Light ageratum-blue; large sprays. Height 3 ft.		
Climax. New. \$1.50 per doz., \$10 per 100.		
Feltham Blue. (2) New. Large, pale blue flowers; free flowering and very showy. 15 cts. each, \$1.50 per doz., \$12 per 100.		
Forget-me-not (Mme. Seynouse). (2) This variety grows about 2 feet high, has strong, stiff stems, branched and covered with myriads of small, daisy-like flowers; white, with a brownish eye.		
F. W. Raynor. (2) Light reddish violet. Height 4 ft.		
F. W. Burbridge. (2) Large, soft heliotrope flowers; very fine. Height 4 ft.		
Gertrude. (1) Foliage small and fine; habit graceful, smothered with a profusion of small, dainty, clear purple flowers.		
Grandiflorus. (4) Best and largest; dark violet flowers; late and free bloomer. Height 2½ ft. 15 cts. each, \$1.50 per doz., \$12 per 100.		
Madonna. (2) Large; white.		
Melpomene. (2) Tall; large, purple flowers in long, graceful sprays. Height 4 ft.		
Mrs. Perry, Improved. (2) New. Large. rich rose-colored flowers. Height 3 ft. 15 cts. each, \$1.50 per doz., \$12 per 100.		
Novæ-Angliæ. (3) Bright purple - violet. Height 4 ft.		
Novæ-Angliæ rubra. (2) Deep reddish violet. Height 4 ft.		
Novelty. (2) Small, deep pink flowers in great profusion.		
Perry's Blue. (2) New. Large, rich laven- der-blue flowers. Height 2½ ft. 12 cts. each, \$1.50 per doz., \$10 per 100.		
Perry's Pink. (2) Rosy pink; medium- sized flower.		
Peter's White. (2) New. Claimed by some to be the best white variety. Height 3 ft. 15 cts. each, \$1.50 per doz., \$12 per 100.		
Ptarmicoides. (1) Small, pure white flow- ers; erect, dwarf habit. Height 1 ft. This is a continuous bloomer from July to frost, and makes a desirable border plant.		
Robert Parker. (2) Large sprays of beau- tiful, large, soft lavender-blue flowers, with yellow centers; extra fine. Height 5½ ft. A valuable cut-flower.		
Snowflake. (2) Pure white; very free. Height 1½ ft.		
St. Egwin. (2) New. Clear pink; the best of all pink Asters. \$1.50 per doz., \$12 per 100.		
Tataricus. (4) Late; tall; blue. Height 5 to 6 ft.		
Top Sawyer. (2) Large, lilac flowers of per- fect shape. Height 4 ft.		
Trinervius. (4) Rich violet-purple; distinct, large foliage. Height 1 to 2 ft.		
T. S. Ware. (2) Light blue; one of the best of its color. Height 3½ ft.		
Versicolor. (2) Small, white flowers, chang- ing to rose; erect, branching habit. Height 3½ ft.		
White Queen. (3) Large, white, free-flower- ing variety. Height 4 to 5 ft.		
Wm. Bowman. (3) Large purple flowers on stems 3 feet high. A late, continuous bloomer; one of the latest to bloom, and has flowers equal in size to any.

of recent introduction..... I 00 7 50

PHLOX DECUSSATA IN MIXTURE

In going over our Phlox during the growing season, we find many sorts sporting, which are always carefully removed and thrown together in mixture. Besides, names are sometimes lost by accident. This mixture contains some of the best types of all colors, making them suitable for massing where no particular color effect is desired. Strong, field-grown roots, in mixture, 60 cts. per doz., \$4 per 100, \$35 per 1,000.

PHLOX SUFFRUTICOSA

(Early-flowering Phlox)

These flower two or three weeks before Decussata, and make fine spikes of bloom again in the fall. Specially useful for cutting.

Enchantress. New. Shell- Doz. 100

pink. Same habit as Miss

Lingard.....\$1 25 \$9 00

Forward. Violet flowers strip-

ed white..... I 00 8 00

*Indian Chief. Clear purple-

red; rich shade..... I 00 8 00

*Miss Lingard. Pearly white

flower, with delicate pink eye.

Very remarkable bloomer,

producing two or three crops

of flowers during the season;

indispensable as a cut-flower

for florists' use..... I 00 8 00

Nettie Stewart. White, with

light pink eye..... I 00 8 00

Ringleader. White, large

violet-red eye..... I 00 8 00

PHLOX SUBULATA (Dwarf Moss Pinks)

Sinensis. Blue, or White. Strong 2-yr.-old plants..... 2 50 20 00

CLIMBING AND RAMBLER ROSES OF SPECIAL MERIT

All the varieties offered here are hardy and retain their canes throughout the winter and require very little pruning

Crimson Rambler. Best known of the Climbing Roses and most popular; no need of describing its clusters of crimson flowers and many other virtues.

Dorothy Perkins. A splendid new shell-pink Climbing Rose. The flowers are borne in clusters of 30 to 40, and sometimes even 50 to 60. The flowers are large, very double, sweetly scented and of a beautiful shell-pink.

Dr. W. Van Fleet. The flowers when open run 4 inches and over in diameter, are a delicate shade of flesh-pink, full and double, of delicate perfume, and fine for cutting. The foliage is a peculiar shade of bronze-green, large and glossy. The variety is a vigorous grower, immune from mildew.

Excelsa (Red Dorothy Perkins). The color is an intense, clear crimson-maroon, with tips of the petals tinged scarlet. Flowers are large and double.

Gardenia. A strong and vigorous grower, producing large double flowers singly on the stems. Bright yellow in bud; when open, cream color, and 3 to 4 inches in diameter. This plant blooms profusely and the fragrance is delightful. Glistening evergreen foliage. Certainly one of the best of this type.

Hiawatha. Brilliant scarlet; bears large clusters of single flowers; bright, effective and useful for planting in masses.

Silver Moon. The flowers run 4½-in. in diameter, clear silvery white in color, the centers filled with bright yellow stamens. It is very floriferous; flowers borne on strong stems, 12 to 18 inches long, and are delicately fragrant. Foliage bronze-green, glossy and immune from mildew.

White Dorothy. New. Pure white sport of Dorothy Perkins. A splendid companion for the pink variety, as it flowers at the same time.

Prices for any of above-named varieties, strong, 2- to 3-year-old, field-grown plants, 40 cts. each, \$4 per doz., \$35 per 100

SURPLUS LARGE-SIZED SHRUBS

We have a surplus of large-sized Shrubs growing on a piece of ground we wish to clear this spring, and are offering them at the following low prices. They were all cut back and transplanted two years ago and now carry a large ball of roots with numerous branches suitable for making immediate effect, and are all in first-class order.
